

CUSTOM HYDRAULIC SYSTEMS

Hydraulic Motor-Pump Units to Meet Your System Demands

Cat Pumps has extensive experience designing and manufacturing complete hydraulically driven systems to meet the most challenging application demands. You provide the system specifications and our engineers will do the rest. From initial design to delivery, Cat Pumps will produce an industrial duty system to meet your application needs.

- Complete motor-pump packages built with complementary industrial duty components to assure optimum performance
- Compact design to meet hydraulic equipment requirements
- A variety of hydraulic motor options available
- Pumps available in Brass, Nickel Aluminum Bronze, 316 Stainless Steel and Duplex Stainless Steel.

Pump Performance Range

- 0.13 – 75 gpm (0.49 – 284 lpm)
- 100 – 10,000 psi (6.9 – 689 bar)
